

VOLVO XC90

WE'RE VOLVO CARS

We put people first.

We're Swedish. Scandinavian designers always start with the person who's going to use an object and ask, "What can we do to make this person's life better, easier or more comfortable?" We've always used this philosophy when we design our cars. So, while other car manufacturers might start with technology and try to squeeze people in around it, we begin by designing our cars around you. We ask what you need, and then use our technical skills to make your life easier, better, safer and more beautiful. Form follows function, and when you design a car inside and out with people in mind, it looks naturally beautiful. We think that looking at and interacting with our cars should make you feel great, every day. Designing cars around people has led to many innovations over our 90-year history.

You know the three-point safety belt in your current car? That was our invention from 1959. And now we're working towards our vision to design cars that should not crash. In the shorter perspective, our aim is that by 2020 nobody should be killed or seriously injured in a new Volvo. Of course, you'll already benefit from this research in your current Volvo. We've addressed a few environmental issues, too – in 1976, we developed the Lambda Sond – a sensor that monitors exhaust gas, reducing emissions and boosting performance as well as economy. It's still part of every petrol-engined car in the world. Innovation is at the core of Volvo Cars.

"As with any luxury item – a finely crafted watch, a bespoke suit – its beauty might be obvious, but its true value is only revealed when you discover the expertise, the craftsmanship and the passion that went into making it."

ROAD PRESENCE

Be impressed, quite simply.

You know you're looking at truly great design when what appears simple at first glance turns out to be ingenious and stimulating once you discover the thoughts and details that make up the whole. And as with any luxury item – a finely crafted watch, a bespoke suit – its beauty might be obvious, but its true value is only revealed when you discover the expertise, the craftsmanship and the passion that went into making it.

The Volvo XC90 has this quality. Appropriately for a full-sized SUV, it exudes power, particularly with the upright grille and the strong shoulders, both of which

are classic Volvo style cues. As exterior designer Anders Gunnarsson says, "The car has an attitude that expresses confidence and self-belief. If you're proud and relaxed about your position in the world, you'll stand upright – just like the Volvo XC90."

But despite this sense of presence, the design is also exquisitely subtle: "It grows on you," says Thomas Ingenlath, Volvo Car's Senior Vice President of Design. "It's not all spectacle – it's about leaving the proportions and the technology underneath to create the drama. You suddenly realise how much sheet metal movement there is in the side section – how it grows over the rear wheel.

It's about perfect execution, and that took such a long time to achieve."

"The task to design the rear was more difficult", says Ingenlath. "We didn't want to use the elements that everyone else is using to make a car look more powerful. Most other car manufacturers are using horizontal lines. We used vertical lines. That is something that can be difficult. If you are good at it, you give a car an incredible status. We achieved that kind of status by reduction – not going into the horizontal but staying proud and upright. That is a nice aspect."

The choice is yours.

Choosing the Volvo XC90 was the easy part. Now all you have to do is give it the twist that best matches your personality. Momentum is our most accessible variant.

And if you are aiming for top-of-the-range luxury, you will love Inscription with its distinctive grille and added luxury. Finally, the R-Design is all about a sporty look, both inside and out.

XC90 MOMENTUM

This is a luxury car by any measure, and one that promises more than rewarding comfort and class-leading style. The XC90 Momentum is smarter and stronger in all the right places, for all the right reasons: you.

THE RIGHT EQUIPMENT. It is essential that your Volvo comes equipped with everything you need. Below you will find standard equipment for each model variant, plus optional equipment to personalise your Volvo XC90. And as you would expect, there is an array of industry-leading, cutting edge safety innovations.

STANDARD EQUIPMENT – SAFETY AND SECURITY	XC90 D4 FWD	XC90 D5 AWD	XC90 T5 AWD	XC90 T6 AWD	XC90 T8 TWIN ENGINE
City Safety (includes pedestrian and cyclist detection and front collision warning with full auto brake)	•	•	•	•	•
(ACC) Adaptive Cruise Control	•	•	•	•	•
(DAC) Driver Alert Control with (LDW) Lane Departure Warning	•	•	•	•	•
(LKA) Lane Keeping Aid	•	•	•	•	•
(RSI) Road Sign Information display	•	•	•	•	•
Pilot Assist - semi autonomous driving technology	•	•	•	•	•
Personal settings, power steering	•	•	•	•	•
Drive mode settings	•	•	•	•	•
Navigation - Pro	•	•	•	•	•
Dual stage driver and passenger airbags	•	•	•	•	•
Passenger airbag cut-off switch	•	•	•	•	•
SIPS (Side Impact Protection System)	•	•	•	•	•
SIPS airbags (front seats)	•	•	•	•	•
Inflatable curtains - full length	•	•	•	•	•
Whiplash protection system (front seats)	•	•	•	•	•
Vehicle deceleration control (includes anti-lock brake system, electronic brake distribution and emergency brake assist)	•	•	•	•	•
Stability and traction control (includes spin control, engine drag control and corner traction control)	•	•	•	•	•
ISOFIX attachments (2nd row outer seats)	•	•	•	•	•
Hill start assist	•	•	•	•	•
Hill descent control	•	•	•	•	•
Anti-theft alarm including immobiliser, volume sensor and level sensor	•	•	•	•	•
Integrated remote control central locking and auto open/close power windows and sunroof	•	•	•	•	•
Key remote control	•	•	•	•	•
Two step door unlocking	•	•	•	•	•
Private locking	•	•	•	•	•
Power child locks (rear doors)	•	•	•	•	•
Central lock switch with diode in front doors	•	•	•	•	•
Visible VIN plate	•	•	•	•	•
Automatic headlight levelling system	•	•	•	•	•
Home safe and approach lighting	•	•	•	•	•
LED daytime running lights	•	•	•	•	•
Auto dimming interior and exterior mirrors	•	•	•	•	•
Grocery bag holder	•	•	•	•	•
Warning triangle	•	•	•	•	•

STANDARD EQUIPMENT - EXTERIOR	XC90 D4 FWD	XC90 D5 AWD	XC90 T5 AWD	XC90 T6 AWD	XC90 T8 TWIN ENGINE
Bright integrated roof rails (standard on Inscription and R-Design)	•	•	•	•	•
Silver roof rails on black foot (standard on Momentum)	•	•	•	•	•
Front grille Piano black (standard on Momentum)	•	•	•	•	•
Inscription front grille	•	•	•	•	•
Bright décor around side windows	•	•	•	•	•
Laminated side windows	•	•	•	•	•
Fully colour adapted sills and bumpers (standard on Momentum and R-Design)	•	•	•	•	•
Fully colour adapted sills and bumpers with bright side décor branded - Inscription	•	•	•	•	•
Colour coordinated door handles with bright décor	•	•	•	•	•
Inscription bright trim level element exterior rear	•	•	•	•	•
Painted wheel arches (19" wheels and smaller) standard on Momentum	•	•	•	•	•
Painted wheel arches (20" wheels and larger) standard on Inscription and R-Design	•	•	•	•	
Dual visible tail pipes with chrome sleeves (Momentum only)	•	•	•	•	
Dual integrated tail pipes (standard on Inscription, R-Design and T8 Twin Engine)	•	•	•	•	•
Colour coordinated rearview mirror covers	•	•	•	•	•
Colour coordinated door handles (standard on Momentum)	•	•	•	•	•
Colour coordinated door handles with bright décor (standard on Inscription)	•	•	•	•	•
Retractable side mirrors	•	•	•	•	•
LED active bending headlights with active high beam	•	•	•	•	•
Headlight cleaning system	•	•	•	•	•
Front LED fog lights inclusive of cornering lights	•	•	•	•	
Adaptive brake lights including high level LED brake light	•	•	•	•	•
Power operated tailgate with handsfree opening	•	•	•	•	•
Panoramic sunroof					•
19" 6-Spoke Turbine silver alloy wheels - 235/55R19 (standard on T8 Momentum)					•
19" 10-Spoke Turbine silver alloy wheels (standard on Momentum)	•	•	•	•	
20" 10-Spoke silver diamond cut alloy wheels (standard on Inscription)	•	•	•	•	•
20" 5-Spoke matt black diamond cut alloy wheels (R-Design)		•	•	•	•
Tempa spare wheel and jack kit (n/a on T8 Twin Engine)	•	•	•	•	
Tyre repair kit (standard on T8 Twin Engine)					•
R-DESIGN High gloss black mesh front grille with silk metal surround		•	•	•	•
R-DESIGN Silk metal décor around side windows		•	•	•	•
R-DESIGN Colour coordinated door handles		•	•	•	•
R-DESIGN Glossy black stripe on rear bumper		•	•	•	•
R-DESIGN Matt silver rearview mirror covers		•	•	•	•

STANDARD EQUIPMENT – INTERIOR	XC90 D4 FWD	XC90 D5 AWD	XC90 T5 AWD	XC90 T6 AWD	XC90 T8 TWIN ENGINE
Leather upholstery (Momentum)	•	•	•	•	•
Nappa soft leather comfort seats (Inscription)	•	•	•	•	•
Suede / Nappa sport leather upholstery (R-Design)		•	•	•	•
Cross Brushed aluminium inlay (Momentum)	•	•	•	•	•
Linear Walnut décor inlay (Inscription)	•	•	•	•	•
12,3 inch digital instrument cluster	•	•	•	•	•
Cruise control	•	•	•	•	•
Power driver seat with electric lumbar support and memory for seat and side mirrors	•	•	•	•	•
Power passenger seat with power height adjustment, memory function and electric lumbar support	•	•	•	•	•
Three 2nd row individual folding seats (40/20/40 split)	•	•	•	•	•
Two 3rd row individual folding seats	•	•	•	•	•
Front and 2nd row armrest with storage and cup holders	•	•	•	•	•
Manually foldable rear headrests	•	•	•	•	•
Outboard armrests with cup holders and storage for third row seats	•	•	•	•	•
Blond headlining (not applicable on amber upholstery and R-Design)	•	•	•	•	•
Interior illumination - mid level (Momentum)	•	•	•	•	•
Interior illumination - high level (Inscription and R-Design)	•	•	•	•	•
Illuminated vanity mirrors in sunvisor LH / RH side	•	•	•	•	•
3-Spoke leather steering wheel with décor inlay	•	•	•	•	•
Orrefors crystal gear lever knob (T8 Twin Engine only)					•
Leather gear lever knob	•	•	•	•	
Standard pedals	•	•	•	•	•
Cigarette lighter / ashtray front + ashtray in rear doors	•	•	•	•	•
Automatically dimmed inner and exterior mirrors	•	•	•	•	•

VOLVO SENSUS. THE BEAUTY OF INFORMATION.

SENSUS

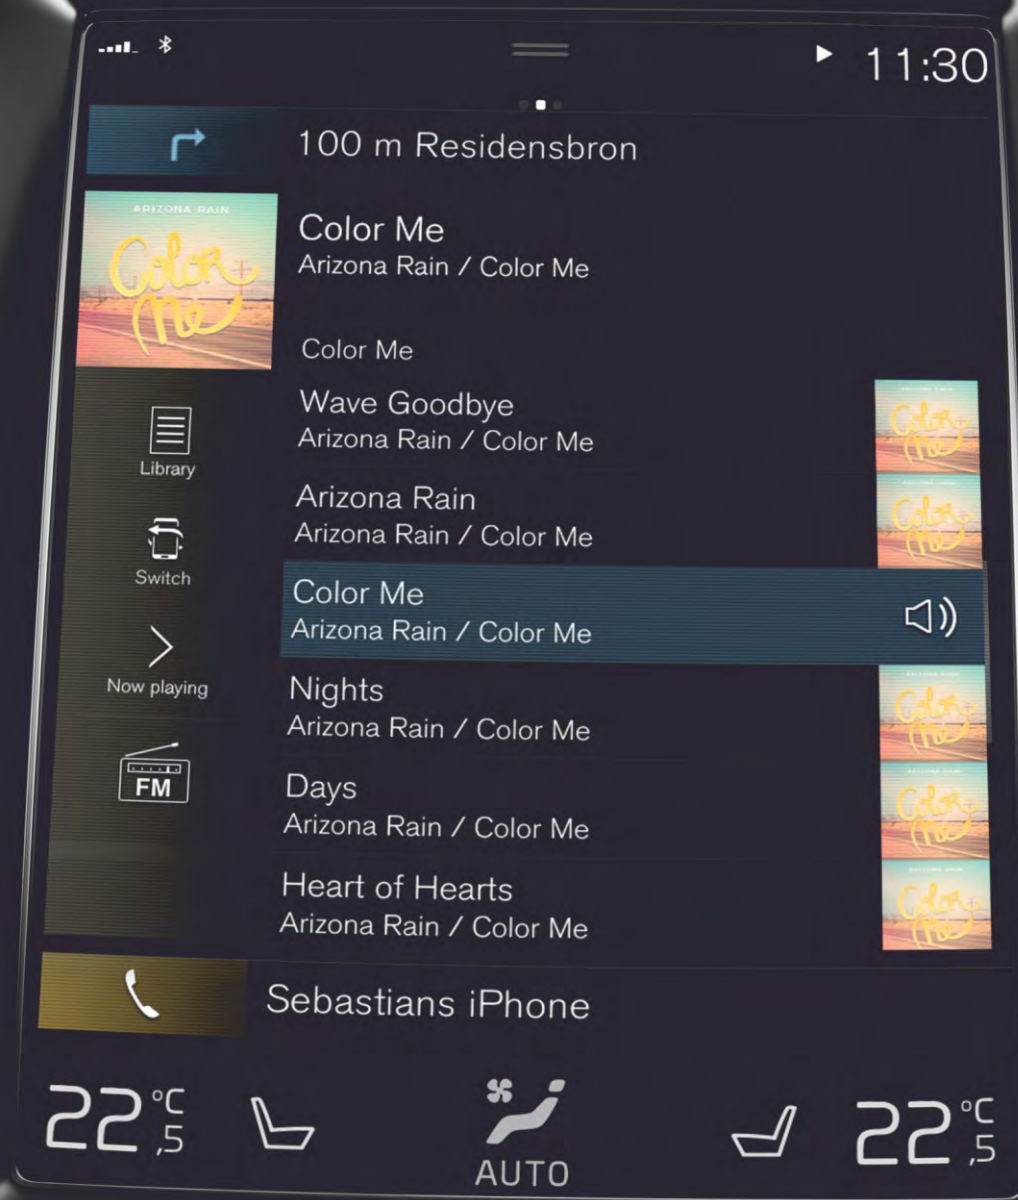

YOUR SPACE

Nothing rounds off a drive in your car better than luxuriating in the rich sound of your favourite piece of music. And our two sound systems – Premium Sound by Bowers & Wilkins and High Performance Sound – turn any drive into a momentous experience.

Thanks to Sensus Connect, which is standard, you can stream your favourite tunes from your device to your car via Bluetooth®. You can also use Bluetooth® or WiFi tethering to connect your Volvo XC90 to the internet via your device. You can then browse the web and access a variety of internet radio and media apps.

With Sensus Navigation, you can view your route on the centre display with touch screen functionality. And with smartphone integration, you can use the centre display to access your iPhone® (version 5 or later) or Android phone. And if you would like to connect devices physically, USB-ports are provided as well.

WE PROTECT WHAT'S MOST IMPORTANT. YOU AND YOUR FAMILY.

INTELLISAFE

WE CARE ABOUT YOU

The Volvo XC90 is packed with intuitive safety technologies as standard. They support you in your daily driving, help you avoid or mitigate collisions and protect you in the event of an accident. Most of the time, you will not be aware of these helpers, but they are watching out for you, day or night. We call this comprehensive, innovative approach to your safety IntelliSafe.

This commitment goes back to 1927. Our founders, Assar Gabrielsson and Gustaf Larson, stated that "cars are driven by people, so the guiding principle behind everything we make at Volvo is, and must remain, safety." Ninety years on, our vision is to design cars that should not crash. In the shorter perspective, the aim is that by 2020 no-one should be killed or seriously injured in a new Volvo. We think our founders would have approved.

The Volvo XC90 is yet another step towards this ambition. In 2008, we launched City Safety – the world's first collision avoidance technology. In the Volvo XC90, City Safety has become more capable and versatile than ever.

Day and night, it can help avoid or mitigate collisions with other cars, pedestrians and cyclists in your path. And now, City Safety also includes Braking in Intersection – another world-first from Volvo Cars. If you should turn into the path of an oncoming car at a junction, your Volvo XC90 will brake automatically to mitigate a collision or prevent it altogether. The standard IntelliSafe technologies also include preventive safety features such as Road Sign Information, Lane Departure Warning and Electronic Stability Control. And it goes without saying that you also get Volvo's legendary strength. If you would like to build on this, the IntelliSafe Surround option is designed to alert you to hazards all around your car, while the IntelliSafe Assist option assists you for a relaxed drive in the city or on the highway. For example, by helping you to keep a safe distance to the car ahead and avoid lane drifting by gently steering you back to your lane if it is needed.

With our new semi-autonomous driving technology Pilot Assist, your Volvo helps make every journey easier and more relaxing. It actively supports you by automatically adjusting the steering to keep the car centred in the lane while keeping your set speed and distance to the vehicle in front of you. Pilot Assist steering support is active from standstill up to 130 km/h, no leading vehicle required.

City Safety can alert you if you're about to collide with the vehicle in front and applies the brakes if necessary. The system is active at all speeds and can help avoid collisions at speed differences up to 60 km/h in relation to the vehicle in front of you. At higher speed differences, City Safety can help mitigate a collision. City Safety also brakes if you should turn into the path of an oncoming car in an intersection, again helping you to avoid or mitigate a collision.

City Safety also watches out for pedestrians and cyclists, even at night. This is particularly important as pedestrians and cyclists are much harder to see than cars in poor light conditions. If there's a pedestrian or bike into your path, City Safety brakes to avoid or mitigate a collision. As a world-first, City Safety also detects large animals such as elk, horses and reindeer.

A part of IntelliSafe Surround, our BLIS™, now with steer assist, system uses radar sensor technology to alert you to vehicles in your blind spot on both sides of your car and to vehicles approaching fast from behind. Cross Traffic Alert watches out for crossing traffic when you're reversing out of tight parking spaces. Alerting you for approaching vehicles as well as for pedestrians and cyclists, this technology is especially helpful in narrow and crowded areas where the side view might be limited.

Volvo Cars has introduced three new safety features with the release of the Model year 2018 specification on the Volvo XC90 range aimed at keeping the driver out of trouble.

The new safety features are designed to provide the driver with automatic steering assistance or support – when required – to help avoid potential collisions.

1. City Safety has been updated to include steering support, which engages when automatic braking alone would not help avoid a potential collision. In such circumstances, the car will provide steering assistance to avoid the obstacle ahead. City Safety helps to avoid collisions with vehicles, pedestrians and large animals. Steering support is active between 50-100 km/h.

2. Volvo Cars has also added a system called Oncoming Lane Mitigation, which helps drivers to avoid collisions with vehicles in an oncoming lane.

The system works by alerting a driver who has unwittingly wandered out of a driving lane by providing automatic steering assistance, guiding them back into their own lane and out of the path of any oncoming vehicle. This system is active between 60-140 km/h.

3. Volvo Cars' optional Blind Spot Information System, which alerts drivers to the presence of vehicles in their blind spot, has also received an update to include steer assist functionality that helps to avoid potential collisions with vehicles in a blind spot by steering the car back into its own lane and away from danger.

ENJOYING MORE FOR LESS.

DRIVE-E

Drive-E is our all-embracing approach to efficient power and an uncompromising driving experience. Our new-generation Drive-E powertrains play a central role in this: in fact, they redefine how luxury cars will be powered in the 21st century. Yes, they deliver the performance and driving enjoyment you would expect from a luxury SUV. But thanks to our unrelenting commitment to efficiency, they reduce the impact on the environment as well. All this means you get power and superb driveability together with low fuel consumption and CO₂ emissions.

The key to this is our all-new, lightweight, low-friction, turbo-charged 2.0-litre four-cylinder engine, which is coupled with our newly-designed automatic eight-speed Geartronic® transmission. And to maximise the efficiency of our Drive-E powertrains, there is an ECO mode, which calibrates the gearbox and engine control systems for the lowest possible fuel consumption. ECO mode also softens the throttle response to further boost efficiency. And because the air-conditioning impacts on fuel use, it is disengaged in ECO mode, although it can be switched on manually.

Then there is the Eco-Coast function, which uses the car's kinetic energy to save fuel. When the driver stops pressing the accelerator at speeds above 65 km/h, there is no engine braking; the car just coasts along with the engine at idle. And finally, the Stop/Start system also plays its part in lowering fuel consumption.

Our Drive-E diesel powertrains benefit from additional, diesel-specific technology. With twin turbos and the revolutionary i-ART direct fuel injection, this intelligent engine provides responsive, clean and efficient performance – each cylinder has its own microchip and pressure sensor for the perfect metering of fuel. Better still, this advanced engine remains in precise tune even after years of use.

" Our very powerful T8 Twin Engine AWD delivers astonishing performance without compromising on fuel efficiency and low emissions."

DOUBLE POWER.

Nothing encapsulates our fresh thinking on 21st-century luxury and performance better than our top-of-the-range T8 Twin Engine AWD plug-in hybrid. Combining a super- and turbo-charged 2.0-litre Drive-E petrol powertrain with an electric motor, the T8 Twin Engine puts out an astonishing amount of power, which it delivers with a jaw-dropping amount of torque. But it can also be driven with fuel consumption which would put a compact car to shame. Not only does this petrol plug-in hybrid offer scintillating performance and amazing fuel efficiency – because the compact, high-capacity battery is mounted centrally along the transmission tunnel, the Volvo XC90 T8 Twin Engine AWD also handles supremely well.

It is versatile, too – the T8 Twin Engine AWD features different driving modes to suit virtually any driving environment. Pure mode is all about reducing fuel consumption and emissions. Working at speeds up to 125km/h, it uses electric power as much as possible, sending it to the rear wheels. This mode packs ample reserves: a full battery suffices for most people's daily commute. But because the

high-performance petrol engine can be called upon at any time, there is never any worry about range.

Hybrid is the default mode. Geared for maximum comfort, this uses the electric motor at the rear wheels as well as the petrol engine, which drives the front wheels. It does this either individually or in parallel to achieve an optimum balance between performance and efficiency.

Power mode, on the other hand, unleashes the combined forces of petrol and electric at the same time to all four wheels, while steering, transmission and brakes are tuned for sportiness. The AWD (all-wheel drive) mode improves traction and in addition the Off Road mode engages an electronically controlled limited slip differential function and can help you negotiate poor roads at speeds below 40km/h. So your Volvo XC90 can be a silent-running zero-emission city car, a blistering performance SUV, or a reassuring companion in challenging conditions.

A sporty presence

This version was made for those who love to drive, with a unique, expressive personality distinguished by the R-DESIGN grille, sport contour seats, and matt silver mirror covers.

The Volvo XC90 R-DESIGN is available in the following colours:

- Passion Red
- Ice White
- Electric Silver
- Saville Grey
- Crystal White Pearl
- Bright Silver
- Osmium Grey
- Onyx Black
- Bursting Blue

Sports tailpipes

From behind, the dual integrated tailpipes give the Volvo XC90 R-DESIGN a powerful, no-nonsense demeanour.

Sports steering wheel

Get to grips with this exclusive leather 3-spoke sports steering wheel with R-DESIGN logo.

Sports gear knob

A sporty gear knob with perforated leather, gives a performance ready look and feel.

Sports pedals

Racetrack inspired to enhance the driving experience, enjoy the feel of these ridged sports pedals.

Sports floor mats

These black, ribbed and richly tufted sports floor mats set the stage, front and back.

COLOUR YOUR VOLVO. When it comes to the appearance of your Volvo, the choice of exterior colour and wheels are probably your most important design decisions. For more exterior styling options and to build your new Volvo online, please visit www.volvocars.com/za and go to Car Configurator.

ATTENTION TO DETAIL.

The art of craft

Every element works in harmony, made from the finest materials – like soft leather and grainy wood to unique details like a crystal gearshift lever and ventilated front seats inspired by the human form with massage functions and four-way electric lumbar support.

BESPOKE TAILORING FROM VOLVO.

The finest fabrics, superb stitching and minute attention to detail – whichever interior you choose for your Volvo XC90, you will be surrounded by luxury. How will you tailor yours?

NB It is not possible to reproduce exact original shades in printed matter.

We are very proud of the interior of the Volvo XC90. Every detail, every line, every shape is testimony to our designers' untiring pursuit of their vision: to create a space in which you feel relaxed, at peace and in complete control. It is an airy, uncluttered cabin, which gives you astonishing scope to choose the upholstery and interior trim that suits your personality.

Choose the interior and seats in charcoal to create a dynamic, cockpit-like feel, the warm amber option to convey the mood of a luxurious lounge, or our futuristic blond theme. Then, you can complement the look

by accenting the cabin with aluminium, wood, carbon fibre or charcoal décor panels. There are two seat types: the standard comfort seats are designed to ensure a pleasant and luxurious drive even on the longest journey. They are available in leather and fine Nappa leather. Then there are the power-operated, sculptured contour seats, which are available in fine Nappa leather and particularly suited to dynamic driving. In the R-Design version, the contour seats are standard and upholstered in a combination of fine Nappa leather and Nubuck textile. You also have a choice between steering wheels – one dark, and one in a two-tone design.

FUEL CONSUMPTION*		D4 Geartronic FWD	D5 Geartronic AWD	T5 Geartronic AWD	T6 Geartronic AWD	T8* Twin Engine
Combined	ℓ /100 km	5.2	5.7	7.6	8.0	2.1 *
CO ₂ g/km		136	149	176	184	49 *
Fuel tank capacity	(litres)	71	71	71	71	50

The results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model. Additionally, driving style, traffic conditions, as well as the age and mileage and standard of maintenance will affect a car's fuel consumption.

* Average fuel economy of 2.1-litres per 100 km in the XC90 T8 Twin Engine is achievable when the battery pack is charged, to enable a mix of petrol and electric driving. This is best attainable on shorter journeys in an urban environment. When the battery is depleted, and the vehicle relies mostly on petrol power, average fuel economy will rise. On longer journeys, local expected range will be around 780 km. The stated combined fuel economy figure of 2.1-litres per 100 km is quoted according to the industry standard for plug-in hybrid vehicles (PHEV), tested according to the New European Driving Cycle (NEDC). The results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model. Additionally, driving style, traffic conditions, temperature, weight, as well as the age, mileage and standard of maintenance of the vehicle will affect a car's fuel consumption.

The weight of the vehicle will influence the level of CO₂ emitted. As a result, vehicles with higher levels of specification and factory fitted options may emit higher levels of CO₂.

A weighbridge must be used to determine specific weights.

Volvo Brand Experience.

DISCOVER THE ROOTS OF VOLVO CARS AND A WORLD OF SWEDISH ENJOYMENT.

Welcome to the Volvo Brand Experience, a unique way to experience more of your new Volvo. For R50,000.00 per couple, you will be able to enjoy:

- Two round-trip tickets.
- Two-night stay in Gothenburg, Sweden – the home of Volvo.
- An exciting tour to the Volvo factory and Volvo Museum.
- A special VIP experience at the exclusive Volvo Factory Delivery Centre.

This immersive experience will give you first-hand knowledge of what makes your new Volvo different.

T&C's apply, subject to availability.

"Cars are driven by people. The guiding principle behind everything we make, therefore is – and must remain – safety" Gustaf Larson and Assar Gabrielsson, Volvo's founders. These days we are driven by other things too, including innovative technology, beautiful design, environmental care and quality. All to ensure we continue to build great cars.

RED CARPET TREATMENT FROM START TO FINISH.

The programme includes two return tickets to Sweden from South Africa as well as luxury accommodation and dining for two days in the heart of Volvo's hometown, Gothenburg.

Once landed, a luxury Volvo transfer will pick you up and take you through to Gothenburg, where a new take on the world of Volvo and our Swedish heritage awaits. You'll visit our Torslanda factory and see exactly how your Volvo is made, with a special behind-the-scenes tour and an English-speaking guide.

The Volvo Museum is also in the programme, where our rich lineage of cars is on display – including our concept cars, experimental technologies and our most famous production models.

You'll also enjoy a vehicle handover which matches your purchase. You'll be shown the ins and outs of your new car by a Volvo Brand Experience professional who will immerse you in your new world of Swedish luxury.

Of course, fine dining at a Michelin-starred restaurant will complete the experience, and you'll get a taste for traditional Swedish food like our traditional meatballs or *kottbullar*.

Volvo Car Road Side Assistance

On 1 January 2014, Tracker Connect became Volvo's new roadside assistance partner.

Services include:

- Medical emergency assistance
- Fuel assistance
- Recovery towing
- Emergency transportation
- "Stand by you" roadside security
- Free mobile app
- Web access to conveniently position your vehicle or draw reports which can be used to log and submit business or private usage to SARS.
- Volvo Car South Africa branded smartphone app
- Flat tyre assistance
- Battery service
- Overnight accommodation
- Accident towing
- Repatriation
- In-car Volvo Assist button
- Impact detection
- Mileage monitoring

Furthermore, the option to include Proactive Stolen Vehicle Recovery for as little as R199* per month is also available.

* Reviewed and adjusted annually.

The number to call is 0800 MYVOLVO (698 6586)

Volvo Car Financial Services

Volvo Car Financial Services has flexible financing options that enable you to structure your deal according to your specific requirements.

We want your experience of buying and owning a Volvo to be enjoyable and hassle-free. That is why we have developed the following online service tools:

- Online finance application – apply for finance any time of day or night and get an instant answer.
- Calculators – calculate your monthly repayments or calculate the value of a vehicle that you could buy based on a specified monthly repayment.
- Account services – manage your account in a secure and user-friendly online environment in real time.

So, remember to insist on Volvo Car Financial Services at your dealer or simply visit www.volvocars.com/za for more information.

Volvo Versatility Finance

For a tailor-made deal and guaranteed future value.

With best-in-class guaranteed future value across the entire Volvo range, it is a forward-thinking way to finance and future-proof your dream Volvo. When you reach the end of your finance period, you can renew, return or retain your Volvo. It is all up to you.

Flexibility today. Certainty tomorrow.

* Terms and conditions apply. As at time of print.

Volvo Car
Insurance

Volvo Car Insurance

Peace of mind. Our idea of luxury.

A Volvo-personalised insurance scheme. Highly competitive comprehensive insurance premiums available on all Volvo models.

Ask your Volvo dealer for more information.
